

Easy clean glass protection

EnduroShield

EnduroShield will make light work of cleaning and help keep glass looking new over its average life.*

- ✓ Cuts cleaning time - glass stays cleaner for longer
- ✓ Superior protection against staining & etching
- ✓ Repels both water & oil based stains
- ✓ Once only application & no aftercare products required
- ✓ Reduces water usage & the need for chemical cleaners
- ✓ Suitable for all types of interior & exterior glass surfaces

*EnduroShield has been tested and certified for durability to simulate a lifetime of 10 years on interior and exterior use by one of the most prestigious independent global certification and safety agencies TÜV Rheinland.

- Easy to clean
- Durability tested

Rollings Glass

Specialist Glass Processors

You've just invested in one of our beautiful glass products, why not preserve that sparkling new look with EnduroShield easy clean glass protection? EnduroShield is a low maintenance invisible coating that protects against dirt, limescale and permanent etching for effortless, stain-free glass year round.

Rollings Glass is a family-run company specialising in glass processing, design and installation. We process 90% of our glass in-house, using the latest manufacturing processors and machinery, ensuring we are able to supply a high quality product. We are pleased to now be offering the award winning EnduroShield protective treatment as part of our service.

Our range includes frameless glass walls, partitioning, frameless glass shower doors, mirrors, kitchen splashbacks, balustrades, and balconies. We are offering EnduroShield as an option on all glass products. With EnduroShield, standard glass is transformed into an easy clean, non-stick surface which remains water and oil repellent, and is backed by a true performance warranty. Once applied, the glass stays cleaner for longer, significantly reducing cleaning.

If you want to save time, money and considerable effort, talk to us at Rollings about EnduroShield-treated glass.
